

2013 Bike to the Bay Testimonials

“As a participant, I cannot wait for this event each and every year. The route, the surroundings, the rest stops, the finish line area, the volunteers, and the event as a whole is second to none. Of all of those though, it is the support of the extraordinary group of volunteers that you’ve assembled that shines above all. Everyone has their duties and they do what is needed of them to make this event happen seamlessly to the participants. It is such a pleasure working with the volunteers listed. Everyone is so supportive of each other and everyone understands that the success of the event is as important as the satisfying experience of the participants. I am so glad that I became involved with this event and, if you’ll have me, will be back again next year.”

-John Haupt

“Every year I am amazed with the amount of coordination and energy that goes into this event. The unsung volunteers that plan months ahead and spend late nights in making these plans a reality deserve a huge "thank you". Then you add the smiles and enthusiasm of the cyclists on event days to see the grand result...success! I am very proud to say that I support the Multiple Sclerosis Society and completed Bike to the Bay!”

Mike Carr
Captain - Team Cowbell

“As always, the MS Bike to the Bay was a wonderful event. You all did a wonderful job in getting everything set up and executing throughout the weekend. I want to thank you and everyone else involved in the event this past weekend for making it another fun, safe, and high energy Bike to the Bay. I’m already looking forward to next year, that is, my mind is looking forward to next year.... not my body yet. Thanks again and take care!”

-Douglas A. Kaufman

“My total fundraiser exceeded my expectations as I was able to reach \$1570.00 and achieve VIP status. The experience was overwhelming, especially after crossing the finish line and then meeting and talking with some people there with MS which was tearful. I will be doing this again next year for sure.

-Janice Scott

“This past Saturday, I rode the Bike-to-the-Bay for the first time. It was an amazing experience. The MS Society did a fabulous job throughout the entire day making the event an enjoyable one.”

-Marie Kozel
